

PETRO, a PA. self insured workers' compensation group, and Encompass Risk Solutions are currently gathering interest to hold an important round table event at

The Holiday Inn, Harrisburg

Date: TBD (fall 2012)

To discuss well needed reforms within Pennsylvania Workers' Compensation.

The conference will seek to develop a plan of action to successfully address the enormous concerns businesses have in addressing a national epidemic. If left unattended and unchecked, the future of Workers' Compensation will cripple Pennsylvania companies for decades to come.

We encourage you to contact PETRO and state your interest in being a part of this event. Please email your interest to: kevinr@encompassrisk.com or call Kevin Rettberg at 717.600.0886
